## TELEGRAPHIC.

### INDICTED.

New York, May 4.—The grand jury brought in indictments against General and Mrs. Ann Adelaide Dine Debar for conspiracy and grand larceny.

### WINCONSIN REPUBLICANS.

Milwaukee, May 4.—The republican convention of the Fifth congressional district elected L. Hoiden, W. Parker and James Stone delegates to the national republican convention. They are instructed, but are for Governor J. M. Rusk for president, with Walter G. Gresham as second choice.

### THE BURLINGTON STRIKE.

Chicago, May 4.—Alexander Sullivan, counsel for the striking engineers and firemen, said to a reporter that the report circulated last night to the effect that the "Q" strike had been declared off was without foundation. "There will be no such action taken," he said, "until after the investigation by the interstate commerce commission is concluded."

Chicago, May 4.—Chairman Hoge, of the grievance committee of the Brotherhood of Locomotive Engineers, who has had charge of the strike since the second week of its existence, when asked by a reporter if the strike had been declared off, paused quite a while and then said: "The strike has not been declared off formally. The men, however, have been allowed to resume their old places with the company at the best terms they can whenever they can do so, and the men that cannot secure work here can go to some place else. A meeting of the grievance committee has been called here, and what they will do I can't say."

### BRIBERY CASE.

New York, May 4.—The trial of Thos. B. Kerr, ex-treasurer of the Broadway surface railroad, who was indicted for conspiracy in bribing the board of aldermen to pass a franchise for the road, was begun yesterday in the court of Oyer and Terminer. The day was consumed in selecting jurors. This work will require several days.

### CALIFORNIA REPUBLICANS.

Sacramento, Cal., May 4.—The republican state convention called to elect delegates to the national convention, adopted a platform and chose the state central committee yesterday and last night. A resolution was adopted that the new state central committee meet next Friday in San Francisco to permanently organize. It will devolve on them to call another state convention to nominate eight presidential electors and eight alternates and then divide into congressional districts and nominate six congressmen. The resolutions adopted eulogize the services of Senator Stanford, denounce the Chinese treaty, demand a repeal and abrogation of all laws and treaties allowing Chinese to land in this country and the enactment of such laws as will speedily rid the country of these now here, denounce the treaty suggested by the president and his secretary of state as mere trifling with the question, proclaim allegiance to the doctrine of protection. The resolutions endorse the action of the United States Senate in its amendment to the so-called bond purchase bill made in the interest of silver coinage and denounce the action of the democratic house of representatives in smothering the bills favoring the issue by the government of certificates for every dollar of silver deposited in its vaults; favor such legislation as will prevent the coming of anarchists, socialists, etc., into the country; demand a strict enforcement of the foreign contract labor law; favor no sectarian schools; denounce the efforts now being made to alter the American protective systems. The resolutions express regret at the refusal of James G. Blaine to allow his name to be used as a candidate at the coming convention, and reiterate confidence in his integrity and eminent ability.

The following delegates at large were elected: John F. Swift, M. E. Cress, Raymond and Penny T. Gage.

### DISPUTE REOPENED.

Tangiers, May 4.—The sultan refuses to submit the difference between Morocco and the United States in reference to the men imprisoned at Rabot to arbitration, and the dispute has been reopened.

### A DEMOCRATIC CAUCUS.

Washington, May 4.—An effort is being made which promises a success to secure a democratic caucus of the representatives next Wednesday or Thursday, to decide a line of policy to govern the acceptance of the amendments to the tariff bill. It is said the purpose of the leading democrats is to anticipate the republican side of the house as far as possible in making a corporation in the bill of such amendments as will meet the public sentiment.

### A RAPID GROWTH.

Des Moines, May 4.—The state convention of Republican clubs came to order yesterday morning. F. D. Jackson, secretary of state, was elected temporary chairman. At the mention of Allison's name the convention went wild with enthusiasm. The chairman was authorized to select a committee on permanent organization and resolutions.

New York, May 4.—The subcommittee of the committee of the

national league of the republican club, was in session here last evening. Reports were received by personal sources and by letter from thirty-four states, all of which showed great progress in the work of organization. Every northern state, with the exception of Oregon, Colorado and Nevada, were said to have established state leagues. It was decided by the committee to hold a grand ratification meeting in Chicago on the evening following the adjournment of the national republican convention. The meeting will be held under the auspices of the league, but will be open to all. National Secretary of the League Humphreys said the country was generally well organized. "We have," he said, "in round numbers about 3,500 clubs, representing an active membership of 500,000 republican voters. By the time the national convention meets we will have fully 5,000 clubs, with a membership of 1,000,000 citizens."

### LEAGUE CLUBS MEET.

Indianapolis, May 4.—About 800 delegates representing the republican league clubs in Indiana assembled here in convention. The principal business of the meeting was the selection of officers, and the speech of Senator Ingalls in the senate yesterday was enthusiastically endorsed.
